A BRUTAL FATHER SOME LIGHT IS SHED

C. C. Courtney Arrested for Beating His 18 Year Old Daughter.

She Was Found by Neighbors Badly Beaten up—She Says Her Mother Predicted Their Death.

FATHER WAS ARRESTED TODAY.

C. C. Courtney, a cabinet maker employed at the Langstaff-Orme Mfg. Co., was arrested this morning by Officers Houser and Clark on the charge of brutally beating his 18 year old daughter, Lena Courtney.

This morning early the girl was out on the street near her home on South Sixth street near Elizabeth but was doubled up and hardly able to walk. The neighbors upon inquiry learned that she had been assaulted by her father and informed the officers who then made the arrest. The girl talked little and seemed afraid of saying anything at all that would go against her parent. Her mother is dead and she keeps house for Courtney and his five small children.

Last night, it is alleged by the neighbors he came home and bent her into insensibility with his fists, knocking her down and bruising her about the body in a dozen places. When the facts reached the ears of the police they immediately arrested him and secured the warrant this morning.

Courtney will not talk of the matter and the girl would say nothing more than what the neighbors say she said, and that, "if she told anything he would kill her."

Dr. J. E. Coyle attended the girl, and says that the injuries are very painful but not serious, but that she must have received very severe punishment to be in such a condition.

Courtney will be given a trial tomorrow if his daughter is able to appear.

The girl this morning told Dr. Coyle in the presence of several others that when her mother was ill she told her that they, the children, should pray that she live, for if she died her father would certainly beat them to death. She claimed he struck her with his hand only. This is about all the statement the girl would make but she will probably be compelled to tell more during the trial.

TO GRAND JURY.

MAGISTRATE GIVES AN OPINION IN A JURISDICTION CASE.

I. H. Kaufman, the cigar dealer, was tried and held over in Justice Young's court yesterday afternoon for suffering a game to be set up and operated in his place of business.

Kaufman was fined in the police court for the offense but the fine was never enforced as County Attorney Eugene Graves and Commonwealth's Attorney Bradshaw thought the matter should go to the circuit court for trial, disputing the fact that Judge Sanders had the jurisdiction to assess a fine in such a case. Justice Young sustained the argument of the commonwealth attorney and held the defendant over to the action of the grand jury.

MARRIAGE IN TENNESSEE.

Jackson, Tenn., May 28—Charles Sidney Wray and Miss Ella Regina Smith were married last night at the home of Captain J. C. Smith, father of the bride, this city. It was a beautiful home wedding. The bride is a lovely, accomplished young lady. The groom is a fireman of the Illinois Central railroad shops at Mounds, Ill. The young couple are off for a bridal trip to Northern cities.

It Is Believed That Mate Ray Crouch Was the Unknown Victim.

He is Not on the Boat, and Has Not Been Home Since Tuesday Night Last.

FATHER TELEGRAPHED TO COME HOME

Mrs. J. A. Crouch of Fourth and Tennessee streets, wife of the captain of the Tennessee river steamer Charleston, is confident now that the unknown man drowned at the wharf from the Clyde Tuesday night was her son, Ray Crouch, a young man about 22 years of age, and mate on his father's boat.

She supposed he was aboard the boat, as usual, but this morning her daughter, wife of Pilot Will Smith of the Charleston, received a letter from the latter asking where the young man was, and why he was not on the boat. He failed to show up when the boat left Tuesday, and was supposed to be at home. He had been drinking some, and informed Pilot Smith Monday that he was going to buy some laudanum and kill himself, but Mr. Smith did not attach any importance to such remarks and thought no more of them, he stated in his letter.

This letter to his wife this morning, however, convinced them that the unknown victim who found a watery grave Tuesday was their son and brother, for he has not been home since Tuesday, something he never did before when he was in the city. His mother and sister thought he was on the boat and his father and brother-in-law thought he was at home, and neither knew any better until this morning, when the letter was received.

So convinced is Mrs. Crouch that her son was the victim that this morning she telegraphed to Savannah, Tenn., to intercept Captain Crouch when his boat gets there, and have him come home immediately by rail. Mr. John Crouch, a brother, was at police headquarters this morning to learn if anyone there had seen the missing man, but found that no one had. No one has seen him since Tuesday, and it is feared he carried out his threat and has made way with himself.

No effort has yet been made to recover the body of the unfortunate victim, whoever he was, and the mystery will not be completely solved until the body rises to the surface and is found.

HOME FROM SCHOOL.

SEVERAL PUPILS FROM THE SOUTH IN PADUCAH FOR A FEW DAYS.

Quite a party arrived this morning on the Joe Fowler from Bowling Green en route to their respective homes, and will spend a day or two at the Palmer house.

In it are Dr. and Mrs. Robertson, of Crossville, Ark., and Misses A. and Nettie Dean, Frostville, Ark.; Elsie Hancock, Detroit, Ark.; Helen Brnoe, Mineola, Tex.; Lizzie Frost, Texas; and Minnie Johnson and Lillie Koether, of Honey Grove, Texas.

The young ladies have been attending Potter's College, Bowling Green, the faculty of which Mrs. Robertson is a member. They are on their way home for vacation.

Mrs. Robertson formerly resided here and was a Miss Gaines.

CONVENTION AT PORTLAND ORE., NEXT WEEK.

The thirteenth annual convention of the Travelers' Protective Association will be held at Portland, Ore., June 3. The route going will be from the Mississippi valley, through Kansas, Colorado, Wyoming and Idaho, over Union Pacific railroad to Portland, and, returning, will be via San Francisco, Salt Lake City, Colorado Springs, Pike's Peak, Denver, Kansas City or Omaha, over the Southern Pacific, Rio Grande and Western, Denver and Rio Grande and Union Pacific railroads. Delegates will leave St. Louis Friday morning at 10 o'clock by the Wabash railroad on a special train for Kansas City, making no stops for passengers except by previous arrangement. The train will reach Kansas City at 7 in the evening and after an hour's stop will proceed on the trip over the route mentioned.

KILLED BY AN ELEPHANT

SHOW ANIMAL OBJECTED TO A VISITOR'S FORM OF GREETING.

New York, May 30.—"Tops," a female elephant of the Forepaugh and Bells circus, killed a man at the show grounds of the circus in Brooklyn. The victim was Joseph Blunt, of Fort Wayne, Ind. He went to the elephant's enclosure, where the animals were waiting for their breakfast, and each struck out his trunk to "shake hands" as Blunt passed down in front of them, it being the custom of the trainers to salute each elephant with a gentle tap. Blunt had a beer glass in his hand, and when he approached "Tops" he shoved it at her instead of giving the usual greeting. This act seemed to offend the great beast. In an instant she seized the man with her trunk and, after hurling him violently to the ground, and knelt on him and crushed him to death. Keepers came to the rescue too late. They drove "Tops" back and removed the body.

GOV. DAVIS EXPELLED

CHARGES SUSTAINED BY SECOND BAPTIST CHURCH, OF LITTLE ROCK.

Little Rock, Ark., May 30.—The congregation of the Second Baptist church shortly before 11 o'clock tonight adopted a resolution withdrawing fellowship from Governor Jeff Davis, which means his expulsion from the church. The vote was practically unanimous, only three votes being recorded against the proposition. The resolution was introduced by Mr. McDaniel, and recites at length the charges of drunkenness, gambling and other immoral acts against the governor. It also refers to the answers submitted by Governor Davis, claiming that the governor ignored the charges by claiming that the church was proceeding in an illegal manner. Colonel A. F. Fels and M. F. Locke championed the expulsion faction, while ex-Attorney General E. B. Klossworthy defended Governor Davis. The governor was not present, having left the city yesterday on a fishing expedition in Southeastern Arkansas.

REQUISITION ISSUED

J. L. COOMER, WANTED AT PRINCETON, ARRESTED AT NASHVILLE.

Governor Beckham has made requisition on the governor of the state of Tennessee for the return to Kentucky of J. L. Coomer, a fugitive from justice from Caldwell county. Coomer is wanted at Princeton to answer a charge of forgery. He is under arrest at Nashville, and an officer has been sent to bring him back for trial.

A WHITE SNAKE.

Danville, Ky., May 30.—Henry Jarboe found a snake five feet long while plowing corn. It is as white as snow and very vicious. One end of its tail is a horn like a spike, about an inch long.

Love is a capsule in which ally talk is swallowed, thus disguising the unpleasant taste for awhile.

MEAN BUSINESS.

A FOREMAN COMING TO PREPARE FOR ORESEPARATOR.

President Garrett of the Seacoast Mining company has started for the city a foreman who will at once upon his arrival begin preparing the Clemons mill property in Mechanicsburg as a separating plant. The company bought the property some little time ago, and will have a large establishment, employing a large number of men. Machinery valued at many thousands dollars will have to be put in before the concern is ready for operation.

The company has extensive mines in Livingston county, and will bring the same and other ores here to be separated.

WILL APPOINT M'LAURIN

SOUTH CAROLINA'S SENATOR TO BE A UNITED STATES JUDGE.

Washington, May 30.—It is now officially admitted, as has been published at various times as probable, that President Roosevelt has definitely decided to appoint Senator John L. McLaurin of South Carolina to the vacancy on the bench of the United States court of claims by the death of Judge John Davis.

The name of Senator McLaurin in connection with the vacant judgeship was first mentioned about two weeks ago, at about the time the names of ex-Gov. Atkinson of West Virginia and Charles E. Magoon of Nebraska, law officer of the insular bureau of the war department, were laid before the president by their respective friends.

President Roosevelt was strongly inclined to appoint Mr. Magoon, but Secretary Root was loth to dispense with his services in the war department, where he made a creditable record, and Mr. Magoon withdrew his candidacy a few days ago.

Senator McLaurin was commended to the president as a lawyer of good ability and of excellent fitness for a judgeship in the court of claims. The nomination of Mr. McLaurin is expected to be made within a few days.

The salary of an associate justice on the court of claims is \$4,500 a year, \$500 less than that of a United States senator. Mr. McLaurin several weeks ago announced his intention of not being a candidate for re-election before the Democratic primaries of South Carolina, although he expected to run as an independent candidate for the senate.

CLOSE EARLIER.

A MOVE THAT WILL LIKELY BE SUCCESSFUL.

The Retail Clerks' union is trying to have the stores all close at 6 p. m. during the summer, instead of at 7, as at present. Yesterday afternoon a committee visited various merchants and secured all but three signatures out of 28 merchants visited. It is believed that all will sign up today or before very long, and the 6 o'clock will prove a great advantage to the clerks.

HICKMAN'S NEW POSTOFFICE

Hickman, Ky., May 30.—Captain H. A. Tyler is erecting a handsome plate glass and iron postoffice building near the present site. It will be equipped with all the modern conveniences. He has made a contract with the government for renting the building for ten years.

FELL FROM A HARROW.

Princeton, Ky., May 30.—Daniel Grogan, a prominent farmer of this county, fell from a disc harrow and was killed. He was about 65 years of age, and leaves a wife and several children.

The New English Stamp.

The new English stamps just issued and which represent the king crowned with a wreath, will undergo a change immediately after the coronation, when the wreath will be replaced by a crown. It was considered inappropriate to represent the king with a crown on his head before the actual coronation had taken place.

HELD TO ANSWER.

MAN CHARGED WITH ROBBERY IN LIVINGSTON COUNTY CLAIMS LOUISVILLE AS HIS HOME.

Chas. Onilen, alias J. H. Little, who was arrested at Marion charged with being one of the safe blowers who secured \$1,200 at Lola, has been held to answer and lodged in jail at Smithland. He claims his home is to Louisville. When arrested he had \$8 in cash and some hurglar tools.

HONORS TO 'FRENCH' ADMIRAL

Newport, R. I., May 30.—Citizens of two nations united today in paying tribute to the memory of Admiral de Ternay, the distinguished commander of the French fleet which came to the assistance of the American forces in the latter part of the war of the Revolution. While his ship was at anchor in Newport harbor the admiral died of fever and was buried here. His grave in Trinity churchyard was the scene of the commemorative services this afternoon.

The participants included General Brugere, Admiral Forniere, the Comte and Comtesse de Hochambau and other members of the French mission which came over to attend the monument unveiling at Washington last week. The Americans present included representatives of numerous patriotic societies and other persons of distinction. A feature of the services was the placing on the grave of a magnificent memorial wreath sent by President Loubet.

The grave of the French admiral is marked by a large marble slab. In the vestibule of the church is a marble monument with an inscription in Latin which was erected in the yard near the grave by the French government, and within the last fifty years was restored and placed in the church by the United States government, congress making a special appropriation for the purpose.

The services at the grave were preceded this morning by a parade of veterans, Sons of the Revolution and other patriotic orders. Following the services the French visitors were entertained at luncheon at the Casino and afterwards there was a drive about the city to the various places of interest connected with the stay of the French officers during the revolution.

COMMERCIAL CLUB

SEVERAL NEW MEMBERS HAVE BEEN ADDED THIS MONTH.

The Commercial club continues to grow rapidly. The new members added this month are: A. L. Lassiter, the architect, the People's Telephone Co., E. T. Davis, the contractor, the Sherrill-Russell Lumber Co., and the Jackson foundry.

HOMING PIGEONS

BROUGHT THROUGH
Nine homing pigeons shipped to Paris, Tenn., from Indianapolis, Ind., by George D. Jernegan were in the office of the Southern Express company this morning. They each had a brass ring around one leg with a number for identification. They will probably be released at Paris tomorrow, and will fly to Louisville.

THE TOTAL PROCEEDS.

The report of the auditing committee of the Elks last night showed that the total amount taken in during the carnival was \$12,303.22, expenses \$5,700. Net proceeds, \$6,603.22. All expenses have been paid, but there are a few amounts yet to come in and these will make the profits a little larger.

A LOVABLE LADY.

DEATH OF MRS. MC D. FERGUSON SON AT HER HOME IN MONTGOMERY.

Mrs. Mc D. Ferguson, wife of the state senator from this district, died yesterday at their home near Peach Mill, Montgomery county, Tenn., from spinal trouble, after a long illness. They moved in January from Frankfort to Montgomery county, where a brother to the senator resides. Mrs. Ferguson was a most lovable Christian lady, formerly lived in Ballard county and was a relative of Col. Sol Vaughan of North Fifth street, the city. She leaves three sons and two daughters. The funeral took place this afternoon at 3 o'clock.

RAILROAD OFFICIALS.

SEVERAL WERE INDICTED AT MEMPHIS BY FEDERAL GRAND JURY.

Memphis, Tenn., May 30.—The first indictment ever brought in a United States court against railroads on a charge of violating section 5 of the interstate commerce act, was when the federal grand jury brought in true bills against W. W. Finley, vice president and general manager of the Southern; B. L. Winchell, acting president and general manager of the Frisco; J. T. Harahan, vice president, J. T. Hudson, traffic manager, and F. B. Bowes, general freight agent of the Illinois Central; C. B. Compton, traffic manager of the Louisville and Nashville; Horace F. Smith, traffic manager of the Nashville, Chattanooga and St. Louis, and each of these railroad companies, together with the St. Louis, Iron Mountain and Southern railroad company.

The charge is that the assigned declaration made in secret sessions each year by executive officers, agreeing that each system would carry out of Memphis but a certain per cent of the local cotton shipments is a physical pool under the statute. The same system is said to prevail in all of the cotton centers. This declaration was declared legal by Ed Baxter, counsel for the roads.

TWO EXCURSIONS.

LARGE CROWDS OF COLORED PEOPLE GO TO ILLINOIS.

The Dick Fowler and Mary Stewart took several hundred people to Mound City and Cairo today to spend Decoration Day, despite the threatening weather. The Fowler had a large covered barge in tow for the crowd, and expects to pick up enough at way loadings to make 600 passengers, if not more.

A Medicine for Old People.

Rev. Geo. Gay, Greenwich, Kas., is past 83 years of age, yet he says: "I am enjoying excellent health for a man of my age, due entirely to the rejuvenating influence of Dr. Miles' Nervine. It brings sleep and rest when nothing else will, and gives strength and vitality even to one of my old age."

"I am an old soldier," writes Mr. Geo. Watson, of Newton, Ia., "and I have been a great sufferer from nervousness, vertigo and spinal trouble. I have spent considerable money for medicine and doctors, but with little benefit. I was so bad my mind showed signs of weakness. I began taking Dr. Miles' Nervine, and I know it saved my life."

Dr. Miles' Nervine

Saved me from the insane asylum," Mrs. A. M. Heifer, of Jerich Springs, Mo., writes. "I was so nervous that I could scarcely control myself, could not sleep or rest, would even forget the names of my own children at times. I commenced using Dr. Miles' Nervine and it helped me from the first, and now I am perfectly well."

CRUTCH-BOUND

The crutch is a poor substitute for legs, and affords a very inconvenient and tiresome mode of locomotion—there is no more pathetic sight than a person slowly and painfully moving along the street supported by these artificial limbs.

When Rheumatism settles in the bones and muscles of the legs, it is safe to predict that the victim will eventually become helpless and crutch-bound. The corrosive, irritating matter that is deposited in the joints and muscles causes the most intense pain, the knees and ankles swell, and when the natural oils and fluids that lubricate these parts are completely destroyed the joints become locked and the muscles drawn and stiff, and crutches a necessity.

The acid poisons that produce rheumatic pains form in the blood, and are distributed through the system, and lodged in the arms, shoulders, hands, back and feet, or other parts of the body—resulting often in total disability. A permanent cure of Rheumatism can be effected only by a complete cleansing of the blood, and no other remedy so surely accomplishes this as S. S. S. It neutralizes the acid effects, purifies and invigorates the stagnant blood, and the gritty particles are washed out or dislodged by the new rich blood, and relief comes to the pain-racked sufferer. S. S. S. leaves no morbid, irritating matter in the blood to reunite and produce another attack, but expels every atom of it from the system. S. S. S. is a purely vegetable remedy, and does not impair the digestion or general health like alkali or potash remedies.

Write for our special free book on Rheumatism, and if any medical advice or other information is wanted, our physicians will gladly furnish it without charge.

The Thomas Parker will today go on the docks for general repairs.

The Dick Fowler had a big excursion to Cairo and Mound City this morning.

The steamer Sunshine, from Memphis to Cincinnati, will pass up this afternoon.

The Joe Fowler arrived from Evansville on time this morning with a good passenger list.

The Avalon left for Cairo, Columbus, Hickman, Memphis and all way points this morning.

The Mary Stewart left the wharf at 10 o'clock this morning with a small excursion of colored people for Mound City.

The steamer City of Clifton passed up this morning from St. Louis to Tennessee at 9 o'clock with a good trip, both freight and passenger.

The Tennessee arrived out of Tennessee river this morning at 7 o'clock, and is at Brookport unloading. She will return tomorrow afternoon at 5 o'clock for Tennessee river.

Captain Frank Lyon and his boat, the Jewel, left this morning at 5 o'clock for Greenville, Miss. The boat had been here finishing a few repairs and taking on supplies.

The steamer City of Memphis passed out of the Tennessee river yesterday afternoon at 4 o'clock with a big trip en route to St. Louis. She had one of the biggest freight trips in several weeks.

About 750,000 bushels of coal were sent out yesterday at Pittsburgh by the Monongahela River Consolidated Coal and Coke company to supply the Cincinnati market, which has been reduced to slimness by the long period of low water. The coal was carried in four tows of fifty light barges, none of which drew over 6.2 feet of water. The towboats were the Fallio, Fred Wilson, John Moren and the Enterprise.

The Lyda arrived here yesterday afternoon with a tow of ties for the Holcomb-Loch company, and will return to Tennessee river today for more ties.

Possibly the most elaborately up-

holstered and tapestried ladies, cabin ever on a steamer of these rivers was that of the high stepping Robert J. Ward, which, by the way, was one of the swiftest craft of ante-bellum days. The furniture in this part of the boat was the richest black mahogany, consisting of twelve rockers, seven divans, four large arm, four curved back and four rim-back chairs, one center table and a piano, the ease for which was made to match all the rest of the belongings. The carpet was the richest velvet article, padded beneath so as to be entirely noiseless. The great mirror at the end of the cabin was in a magnificently carved black mahogany frame, surmounted with an eagle in copper covered with gold leaf. When the Robert J. Ward was dismantled years ago the late Captain H. H. H. of New Albany, bought some of this furniture, and his son Archie, now of Louisville, felt heir to them, so they still exist in excellent condition, considering the lapse of time.

BURNSIDE APPOINTMENT

Mr. F. E. Place is Made Master Mechanic There.

Succeeds Mr. Luttrell at Chicago—Mr. Luttrell Gets a Fine Promotion.

This morning the local master mechanic department of the Illinois Central received notice of the promotion of Mr. F. E. Place to the position of master mechanic at Burnside shops at Chicago to succeed Mr. Luttrell, resigned.

A great deal of interest has been taken here in the appointment as the promotion was between Master Mechanic Barton, of the local shops, and Mr. Place, of the Cherokee division. The circular read: Mr. F. E. Place, the master mechanic of Cherokee district and terminals has been transferred to Burnside shops to succeed Mr. J. W. Luttrell, resigned. Another circular read: Mr. George W. Smith has been appointed master mechanic of Duquene, Omaha, and the Cherokee division to succeed Mr. F. E. Place, promoted. Mr. Smith's headquarters will be at Waterloo. Mr. Place was for several years general foreman at the Burnside shops.

Mr. Luttrell, it will be remembered, has just accepted a position with the Southern railroad at a salary of \$8,000. He formerly received \$3,000.

The gentleman from Kentucky shook his head. "An oyster is not a fish, sub, if you will allow the correction," he said, "but there is nothing surprising in the statement. The foolish oysters, sub, probably endeavored to drink the water, sub."

OUR MEMORIAL DAY

Exercises Held at the National Capital Today.

A Handsome Monument to the Memory of Our Late President Unveiled in Michigan.

DECORATION DAY IS OBSERVED

EXERCISES AT WASHINGTON.

Washington, D. C., May 30.—The national capital devoted itself to the observance of Memorial Day. The departments were closed and business generally suspended, while thousands of citizens, veterans of three wars and their descendants, paid tribute to the nation's heroic dead. The streets were filled with marching veterans, national guardsmen, military and civil organizations, all moving towards Glenwood, Arlington, Holy Rood, Soldiers' Home, Congressional and other cemeteries, where appropriate services were held and the graves of the silent army of the dead were strewn with flowers. The most notable ceremony of the day was at Arlington, where thousands upon thousands have their resting places marked with imperishable granite, and where still other thousands are grouped about the single imposing monument marked with its sad inscription, "To the Unknown Dead." At the Soldiers' Home, Congressional and other cemeteries patriotic and religious ceremonies accompanied the strewing of the graves with flowers.

ON GETTYSBURG BATTLEFIELD.

Gettysburg, Pa., May 30.—President Roosevelt delivered the memorial address today at the annual exercises on Gettysburg battlefield. The ceremonies were held in the national cemetery, where the graves of fallen heroes were decorated with flowers and flags by school children and veterans of the Civil War. In his address the President called attention to the lessons of duty and valor to be learned from the battlefield, and paid a tribute to the courage of the soldiers of the North as well as the South.

DAY OBSERVED IN CHICAGO.

Chicago, Ill., May 30.—The Memorial Day observance in Chicago today was one of the largest of recent years. While the ranks of the Civil War veterans are thinning fast, the number of participants in the observance of the day was increased by the participation of the Spanish war veterans, who heartily co-operated with the veteran survivors of the war of the '60's in celebrating the day. The big parade was reviewed by Governor Yates and staff. A feature of the day was the decoration of the graves in Oakwood cemetery of the Confederate soldiers who died at Camp Douglas.

NEW YORK KEEPS HOLIDAY.

New York, May 30.—Today's observance of Memorial day was one of the most notable New York has seen for a number of years. Business was everywhere suspended and the holiday was general. The most notable feature of the celebration was the unveiling this afternoon of the soldiers and sailors' memorial in Riverside Drive. Governor Odell, Mayor Low and other persons of prominence took part in the attendant ceremonies. At the customary exercises at Grant's tomb the oration was delivered by Judge Thomas G. Jones of Montgomery, Ala.

MEMORIAL DAY IN LOUISVILLE

Louisville, Ky., May 30.—Memorial day was appropriately celebrated by the various Louisville posts of the Grand Army. The principal exercises were at Cave Hill cemetery, where the graves of 5,000 Union soldiers were decorated. The oration of the day was delivered by Augustus E. Wilson.

Honor for Mrs. Miles.

The wife of Gen. Miles has been named in her honor a woman's auxiliary army post in Washington, the name given the organization being Mary Sherman Miles auxiliary.

orators, a big parade and other attractive features. The celebration concludes this evening with a grand ball to mark the formal opening of the magnificent new armory building of the University of West Virginia.

M'KINLEY'S MEM-

ORY HONORED.

Muskegon, Mich., May 30.—A heroic bronze statue of President McKinley, one of the first monuments erected to the martyred President in the country, was unveiled here today with imposing ceremonies. It was a gala day for Muskegon. Visitors were here from all of the neighboring counties and the day was observed by every one as a holiday. The unveiling ceremonies were preceded by a big parade, the various divisions of which included besides scores of Grand Army veterans, delegations of Knights Templar, Elks and other orders from Traverse City, Grand Rapids, Muskegon, Big Rapids, Lansing and other cities of the state.

The statue is the work of Sculptor Charles H. Nieuhane, and represents McKinley in the pose he assumed in the delivery of the last speech at Buffalo, N. Y. It is seven feet high and mounted on a pedestal which rests on a granite base thirty feet square. The base bears the following extract from the late president's public utterances: "Our future conquests must lie in the victories of peace, in concord not in strife." The statue is a gift to the city from Charles H. Hackley and is the sixth statue that Mr. Hackley has presented to Muskegon, the others being those of Grant, Lincoln, Sheridan, Farragut and General Phil Kearney.

MEMORIAL DAY IN

INDIANAPOLIS.

Indianapolis, Ind., May 30.—For the first time in more than a quarter of a century Memorial day in Indianapolis passed without the customary downtown parade of veterans. Owing to the age and increasing infirmities of the veterans it was deemed best to abandon the parade. Otherwise the day was generally observed. Memorial exercises were held at Greenwood, Crown Hill and Mt. Jackson cemeteries and the graves of the veterans decorated with flowers. The principal exercises were held at Crown Hill, where the veterans assembled in large numbers and listened to an address by Major William Warner of Kansas City, past commander-in-chief of the Grand Army of the Republic.

YALE OBSERVES DAY.

New Haven, Conn., May 30.—For the first time in its history Yale University today observed Memorial day as a holiday in all departments. The oration to the students was delivered by Judge Henry E. Howland of New York.

DECEMBER AND MAY.

THE GROOM IS ONLY 70, WHILE THE BRIDE IS 18.

Guthrie, Ky., May 30.—A most sensational elopement occurred here when Judge W. F. Wilcox and Miss Florence Brady went over to Springfield, Tenn., and the knot was tied only a few minutes before the telegram arrived from the bride's father, forbidding the marriage.

Judge Wilcox is a prominent citizen of Guthrie, an ex-Confederate soldier of Forrest's brigade, and is about 70 years of age. Miss Brady is a most beautiful girl of eighteen years, a daughter of Robert Brady, connected with the L. and N. at this place. The extreme difference in the ages of the couple was the cause of Mr. Brady's objection.

Makes Foo of Official Opinion. Congressman Fitzgerald of New York is poking fun at the Indian commissioners' order prescribing the style of haircut and the color of paint to be used by Indians. Mr. Fitzgerald says he wants more information. "I want to find out whether an Indian must wear a plug hat, white shirt, his hair pompadour and patent leather shoes before he can receive his rations," said Mr. Fitzgerald. "I don't think the latest order specifies whether the Indian must refer to his clothing as 'pants,' 'breeches' or 'trousers.' Congress must settle that question."

—Success.

The action of Governor Durbin in refusing to give up a man wanted here for setting up a game is probably all that could have been expected under the circumstances. The telegram alleged to have been sent from here by one of the prosecuting attorneys, stating that for \$500 and the payment of expenses the prosecution would be dropped, is a dead give away. It seems apparent that the only reason there was any effort to get the man here was that the authorities knew he had money, and wanted to skin him. He was only one of many who operated games here for two days during the carnival. He was singled out and the others allowed to escape. He has plenty of money, and would readily put up a good sized bond and skip out in preference to serving a term in the penitentiary. The attorneys get about three fourths of forfeited bonds. If they were imbued with a sincere desire to arrest and punish the men for gambling, they neglected endless opportunities at the same time they arrested St. Clair, the Indiana man. If they were not imbued with this desire, there is no reason they should have made an example of him, unless as the governor of Indiana inferred, they desired simply to skin him, not punish him.

One of the few sensible Democrats in the senate is Morgan, of Alabama, who yesterday made a speech supporting the government's policy in the Philippines. He read an editorial from an Alabama newspaper, which he adopted as his own sentiments. That editorial held that as the United States had put its hand to the plow in the Philippines, it could not turn back. The insurrection in the islands, Mr. Morgan said, was broken, and the duty was left to this government to provide a just and equitable government for the people. Division in the council in this country, he believed, kept the bolomen and ladrones in the field. When that division was settled, peace in the islands, in a practical way, could be assured.

What's become of the Civic Federation? It might now do good work in proving to the members of the general council that the best people are against stock running at large.

TALK OF A CITY.

ZENS' COMMITTEE.

There is strong talk of organizing a citizens' committee in Paducah to employ attorneys and put an end to some of the extravagant impositions of the general council. Some of the city officials are attempting a bluff by declaring that no good citizen can afford to do such a thing, but they will find

out differently. If such an organization is formed it will be as a safeguard and protection to the people, which is more than the general council is or has ever been, and from indications will ever be.

When the council went into office it knew there was a likelihood of a shortage in funds. Instead of preparing to meet this shortage, and preparing for the increased expenses of going into the second class, the council immediately began raising salaries, and soon had increased them to a total of \$10,000 a year. There was no appropriation for this, even if there had otherwise been enough money to run the city during the remainder of the fiscal year. When the time for making the annual levy arrived the council fixed the tax rate at \$1.83, and made the levy for a whole year, which was contrary to law, as cities of the second class cannot make a levy beyond January, and the former council's levy extends to June 1. One excuse for making this levy was that there was about \$80,000 in debts to pay. Another was that the city had to make provision for its bonded debt, which is absurd, as the sinking fund with which to pay off the bonds is fixed by ordinance, and the exact amount is known every year.

In this tax levy ordinance the council appropriated thousands of dollars too much for various departments. It appropriated for the six months until the new levy more in many instances than has heretofore been required to run the city for a whole year. It made a levy, sufficient to raise more money for the expenses of six months than has been spent in a year in the past.

In addition to this, the council has since been increasing salaries unlawfully after the officers have been elected. They have increased their own compensation during their term of office, have taken the preliminary steps to create an office no provision for which is made in the charter, and which will virtually be increasing the city clerk's salary, and have signed an agreement to pay the city engineer \$50 a month more than the salary fixed by law. There is no telling what is coming, but for public servants to show such a reprehensible disregard for the public welfare, and then declare that no good citizen can afford to take steps to stop it and prevent future raids on the treasury is sheer stupidity.

In Louisville a number of good citizens have subscribed to a fund and will at once institute suit to prevent the payment of salaries alleged to be illegal, as they were increased during the term for which the incumbents were elected. In addition to stopping the payment of these salaries out of the money collected from the people, steps will be taken to recover from those responsible the money already illegally paid out. Something like this is needed in Paducah to stop the unlawful drains on the treasury.

THE COURT AND THE LAW. (Louisville Post.)

Yesterday the court of appeals, by a unanimous opinion, rendered a decision that establishes beyond dispute local self-government in Kentucky. Local self-government is written broad and deep in the constitution. Local self-government is the only self-government.

Yet politicians from different parts of the state appear at Frankfort at every session of the legislature with numerous bills granting them special favors in contempt of the will of the people.

By log-rolling these bills pass the legislature, but fortunately for the state they cannot pass the court of appeals.

Nothing has occurred in Kentucky for twenty years that contributes more to the course of good government than the action of the court of appeals yesterday. It restores one's faith in the constitution and the law. It is a triumph of reason over party greed.

It is not a partisan decision, nor is it a bi-partisan decision; it is the act of a united court, and reflects honor on every member of that body.

The decision of the court of appeals regarding the illegality of state laws

fixing the salaries of municipal officers has a more far-reaching effect than is generally supposed. In addition to nullifying the law fixing the salaries of firemen in second class cities at \$6 a month, it nullifies the law that Paducah objected so strenuously to when she was preparing to enter the second class, that fixing the salary of city jailer, or what we call lockup keeper, at \$2,500 a year, with a \$1,500 assistant. The decision of the appellate court invalidates this law as well as the one fixing the salary of city engineer and assistant in cities of the second class, which will relieve Paducah of the payment of exorbitant salaries for comparatively little work.

President Palma, of Cuba, is up against the strenuous life in earnest. An enterprising paper published his message before it was delivered to congress, and congress denounced it as an act of discourtesy on part of the president. He disclaims the responsibility, and has discharged one of his assistants and had his typewriter arrested.

Kentucky has come to the front with the most enterprising young lady heard of in many moons. She went to the home of her sweetheart in Barren county, stole him while his parents were asleep, and took him to Gallatin, Tenn., where they were married. She was of age with some to spare, but he was a mere boy.

ELECTION CASES UP.

Frankfort, Ky., May 30.—The whole court sat this morning to hear the argument in the contested election cases from Green county, involving the offices there. The case grows out of the questions involving the election law of 1900 relating to ballots.

WITH THE THEATERS.

"Miss Moulton" was presented to a fairly large audience at the Kentucky theatre last night by the English stock company, and proved to be one of the strongest and best of the company's plays yet offered. The sudden illness of Mr. Forsythe marred the performance to some extent, his part having to be read by Mr. Harmon, but considering everything, it was a good presentation, and the members of the company deserve great credit for overcoming the difficulties that so suddenly confronted them, and giving such an excellent performance. The audience appreciated it, and gave several curtain calls.

Mr. Forsythe was cast for the part of "M. Berlin," but just before the performance was prostrated by an attack of pleurisy, and a physician had to be called. He suffered a great deal, and did not improve during the evening sufficiently to appear, and his part was read. This morning he is slightly improved, and it is believed will be able to appear this evening. If not, Mr. Harmon, who will be up in them by this time, will play both parts, which he is fully capable of doing creditably.

Miss Gale as "Miss Moulton" was very fine, and Mr. James as "M. de Latour" was equally good. They were ably supported by Mr. Grigg as "Dr. Osborne," Miss Field as "Arabelle," the old maid sister of the doctor, Miss Stockton as "Lucille," a child part, Miss Wayne as "Mathilde," second wife of Dr. Latour, Mr. Seaton as "Williams," and Mr. Harmon as "Gravesend," in addition to his reading of Mr. Forsythe's part.

Manager English expects to open his regular season in Paducah this year with Henrietta Crossman on September 16th. It is not yet decided what she will play.

Mr. Leo Florence, as "Samuel," made his first appearance in negro character, and is excellent. His specialty is the best that he has yet introduced, and won much deserved applause. He was forced to sing several songs in response to encores.

Mr. Grigg's songs went well, and were cleverly rendered, but as a monologist he does not score the hit that he does in his songs. The illustrated songs and moving pictures gave satisfaction.

THE ARCADE

Opposite
Palmer House

Next week Manager English will add to his specialties and give the public a pleasant surprise.

Mr. Will J. Barry, advance agent for the Pains' "Last Days of Pompeii" is at the Palmer.

A fair sized audience enjoyed Chas. Middleton's laughable comedy, "Mr. Young of Utah," at La Belle park theatre last night. The play is an exceedingly funny and lively one, and elicited much enthusiastic applause. The members of the company were unusually well cast for the various characters, and without exception, every one did better work—although this work has always been good—than in any play heretofore presented by them. Tonight "Mr. Young of Utah" will be again presented, and its last production in this run will be on Saturday night. It will also be the attraction at the matinee on Saturday afternoon, and being a pure comedy, is especially suited for the enjoyment of children, who make up the bulk of the Saturday matinees. Prices at the matinee are reduced to 5 and 10 cents, and it is very seldom that the opportunity to enjoy such a good attraction at so little a price is afforded theatre-goers.

The pathway of Buckskin Bill, which started out of Paducah May 5,

was never strewn with roses. Yesterday's Louisville Times says: "At least a dozen employees of 'Buckskin Bill's Wild West Show' filed suits in Jeffersonville against the show yesterday afternoon and last night. All of the actions were compromised. Seven were settled at 10 o'clock last night in Magistrate Prowitt's court for \$22. After the cases had been disposed of the steward of the show, smashes Joseph French, a canvasser, on the jaw. French wobbled for an instant, then cut loose at the steward and the steward went down and out. An effort was made to boot and heel the prostrate man, but Special Constable C. S. May was quickly to the rescue."

The English Stock company certainly deserves great credit for its hard work. It is giving the public high class plays, at the rate of two a week, something few stock companies can do, and is doing it well.

Mr. James, in a "straight character," last night showed his ability well, and is an unusually handsome, able young actor. Miss Gale, who is always a hard worker and never overdoes anything, brought tears to the eyes of more than one last night by her affecting work, and had to respond several times to curtain calls. Her

emotional scenes cannot be beaten by anyone. Mr. Seaton is an able stage director, and Stage Manager Malone's excellent work is evidenced in every production. The entire company is one of exceptional ability, and has become a fixture for the summer.

\$500,000,000 WANTED.

FOR THE DEPORTATION OF ANY DISSATISFIED NEGROES OF THIS COUNTRY.

Chattanooga, May 30.—A resolution was presented to the International Immigration and Commercial association, a negro organization meeting in Chattanooga, petitioning congress to appropriate \$500,000,000 for the deportation of any dissatisfied negroes. It is claimed that negroes enjoy in the United States less political protection than people in Turkey or China, and that the United States, by reason of mob violence, is assuming first place in the ranks of lawless nations.

The steamer City of Memphis passed out of the Tennessee river yesterday afternoon at 4 o'clock with a big trip en route to St. Louis. She had one of the biggest freight trips in several weeks.

CIRCUIT COURT.

Billings Damage Suit is Now on Trial.

A Motion Made for a New Trial in the Troutman Case.

The Billings case is on trial at the court house today and much testimony has been heard. At press time the rebuttal evidence was being heard and the case will probably go to the jury before the adjournment of court today.

Billings is a small boy who while working for the Paducah Furniture Mfg. Co. accidentally got his left hand out, the machine cutting all fingers off except part of a thumb. The boy then sued the company for damages. Attorney Lightfoot is acting for the plaintiff, while Hon. Wm. Reed is acting for the defense.

In the case of Troutman, Adm., against the L. O. railroad, in which an \$18,000 verdict was yesterday rendered for the death of Harry Watson, the defendants entered a plea for a new trial and filed reasons.

A mandate from the court of appeals confirming the decision of the lower court in the case of Farmers' Bank of Kentucky against J. Burkholder and others was filed.

A judgment was filed in the case of Wren, Adm., against W. N. Grant to sell property.

No decision has yet been rendered in the Patterson against the City of Paducah case, but will be before the week is out, it is thought. The disputed point is over the payment of about \$2,000 for alleged extra work.

TO SETTLE STRIKE

GOOD WORK DONE BY SENATOR HANNA IN ANTHRACITE MATTER.

Cleveland, May 30.—A report was in circulation here that a long conference was held during the morning between Senator Hanna, chairman of the civic federation, and George W. Perkins, representing J. P. Morgan and Co., relative to a settlement of the anthracite coal strike.

When seen by an Associated Press reporter Senator Hanna refused to either deny or confirm the report. "I have nothing to say. There has been too much said already," he declared. Mr. Hanna also refused to discuss the statement of Frank P. Sargent predicting a strike of the soft coal miners.

SMALL DAMAGE

DANGEROUS BLAZE DISCOVERED IN GOOD TIME AT NEW RICHMOND.

The central fire department was called to the New Richmond kitchen today about 1:30 to extinguish a small blaze in the walls.

The fire originated from a cooking stove, and was discovered in time to prevent a dangerous conflagration. The department did excellent work and soon had the flames extinguished with only a few dollars' loss.

ONE CASE

AND THE SMALLPOX IS ISOLATED IN MECHANICSBURG.

Health Officer Graves reports that there is only one case of smallpox in the city and that is in the extreme northern portion of Mechanicsburg. The report that there was a great deal of this disease in the city was false and damaging to the city.

There is little diphtheria and the total number of cases will not reach above half a dozen.

DEATH THIS MORNING.

LIVINGSTON SENSATION

Farmer Alleged to Have Assaulted His Step-Daughter.

He is in Jail at Smithland and There is Considerable Feeling.

Reports from Smithland today are that there has been quite a sensation there today over the alleged assault made by George Bamby on Laura Robinson, his sixteen year old step daughter. His wife was away from home when the man is alleged to have approached the girl. The girl screamed and Bamby tried to escape, but was unsuccessful.

He is a farmer 52 years old, and he was lodged in jail there last night. There is considerable feeling over the matter, but no fears of a lynching are entertained.

CONCENTRATION CAMPS

DEFENDED BY COL. WAGNER, WHO SAYS THEY COULD NOT BE COMPARED TO WEYLER CAMPS.

Washington, May 30.—Colonel A. L. Wagner, for two and a half years adjutant general of the army in the Philippines, was heard by the Philippines committee today. He described the concentration camps in certain provinces, and said they could not be compared to the Weyler camps in Cuba. They were necessary in order to clear the country of ladrones and guerrillas. The people were treated well, and while a dead line was established the orders were to kill no one unnecessarily. He also discussed the various orders of Bell and other officers in the Philippines, saying he presumed that the officers all acted upon authority of General Chaffee.

FREE AGAIN

EPHRAIM SHAW TOOK THE INSOLVENT DEBTOR'S OATH.

Ephraim Shaw, white, fined \$100 and sentenced to 30 days in the county jail for raising notes, was this morning released having served out his jail term and not having the money with which to pay the fine, he took insolvent's oath before Commissioner Oudrerd this morning and was released. Shaw came from Tennessee but passed the raised note in this state, near Wickliffe.

JURY ROASTED

FOR ACQUITTING A MAN WHO KILLED HIS BROTHER.

Chicago, May 30.—A verdict of not guilty in the case of Wm. McPetridge, accused of murdering his brother, brought a reprimand to the jury from Judge Kavanagh today. "I cannot understand how you ever arrived at such a conclusion," said the court. "If ever a man was guilty, McPetridge was [that man]. The evidence was direct and conclusive. I would not have been surprised if you had imposed the death penalty."

NEWSPAPER MAN'S FEAT.

APPROACHES WITHIN A MILE OF MOUNT PELEE.

Fort de France, Martinique, May 30.—The crater of Mount Pelee has been approached within one mile. This feat was accomplished Tuesday afternoon by George J. Kavanagh, an unattached newspaper man, who had accompanied Prof. Robert T. Hill, the United States government geologist, on his expedition.

"Play ball!" The old cry echoes o'er the peaceful vale of Cherry creek, and from the bleachers comes a roar as rows of rooters sprang a leap! The batter grasps the willow club, the pitcher strikes an attitude, the catcher gives his hands a rub, and the umpire stands with keen eyes glued upon the play; the ball has gone, and once again the season's on!

Way up the telegraphic pole the eager small boy perches high, and to the fence each knotty hole—and they are many—frames an eye. The score-board merchant's voice rings out, the voice through all the winter dumb; the penitents loudly about, the kid proclaims his chewing gum, and that same caution man is there to save our pants from wear.

The knocker with his noisy knock, the klicker with his mullah klick, the tutter with his bally talk upon the seats as flies are thick. The ladies in their smart attire, enthusiasm in their eyes, are there in boyles to admire and laud the players to the skies and spank their dainty hands who one of hand-some figures makes a run.

THAT WAS THE JOB HE WANTED

Immigrant Was Looking for the Easiest Thing in Sight.

The immigrant agent, with Clancy in tow, proceeded to Harlem in search of work for him. The prospective employer was a building contractor. They found him on an eminence overlooking a wide vacant lot, newly become a scene of bustling activity. The immigrant gazed at the unwonted spectacle with curious eyes.

"What can the man do?" demanded the contractor.

"Anything in the line of unskilled labor," replied the agent, "and he is quick to learn."

The contractor turned to the applicant and half jokingly inquired, "Which one of these jobs would you like to have?"

The immigrant swept the field with a contemplative eye. "What's that man doing?" he demanded, pointing with one hand. "I mean the man sitting down—not the other wld the sledge."

"He is holding the drill."

"Is that all he does?"

"Yes."

"Is he on the payroll?"

"Yes."

Clancy drew a long breath of satisfaction. "Give me the job."—New York Tribune.

This Man Ought to Succeed.

A pretty story was told in a London paper the other day of a young man who, at an examination, drew such inspiration from a portrait of his fiancée that he passed with flying colors. Unfortunately a correspondent has now told the sequel. The hack of the photograph bore an interesting and valuable assortment of dates.

Mr. J. B. Alvey, chief dispatcher of the Louisville division of the Illinois Central, whose headquarters are at Princeton, is in the city on a visit to friends.

He is off on a twenty days' leave of absence, and will next month attend the train dispatchers' convention at Pittsburgh. Mr. Alvey has been the chief dispatcher of the division since the removal of the train dispatcher's office from Paducah to Princeton, and has made one of the best chief dispatchers the company has ever had. His place is being filled by Mr. Allan Jorgenson, formerly chief dispatcher.

EMPLOYMENT BUREAU.

MR. LUM TURNER WILL START ONE HERE SHORTLY.

Mr. Lum Turner, local agent for the Fidelity Loan company, will start a business entirely new in Paducah.

Since he has been in the local business, many people have come to his office seeking employment, and he decided to start a branch office of an employment bureau. He has corresponded with several large employment companies, and will run his business in connection with theirs, making it foreign as well as local. This is something new to Paducah, and will no doubt prove a paying business for the enterprising young man.

DRASTIC MEASURES

Col. Baldwin in Favor of Wiping out
Defiant Elements.

Gen. Davis Did Not Grant the Desired Per-
mission for the Present.

Manila, May 30.—Col. Frank D. Baldwin of the Fourth United States Infantry has telegraphed to Brigadier General Davis, in command of the United States troops in the island of Mindanao, that he does not expect to establish satisfactory peace conditions in the Lake Lanao district until the defiant element is wiped out. The natives pretending to be friendly are urging that this be done, as their own lives are in jeopardy, "which," the colonel says, "we are in the highest sense under obligations to protect."

"The defiant element," continued Col. Baldwin, "respects nothing but power and the sword. They will destroy humans until destroyed themselves."

Gen. Davis replied that to meet the emergency in the way suggested by Col. Baldwin would necessitate the capture of every Moro fort which now admits American soldiers as friends, and that such action on the part of the American forces is forbidden by existing orders.

CALIFORNIA LETTER CARRIERS

San Francisco, Cal., May 30.—As a result of the movement started some time ago a convention is being held here today to organize the organization of a state association of letter carriers. The proposed organization will embrace all the chief cities of the state and will be affiliated with the National Association of Letter Carriers.

The Avalon is due to pass down Sunday.

CATHOLIC KNIGHTS

OFFICERS ELECTED FOR THE
ENSUING YEAR—LOUIS-
VILLE IS NEXT MEET-
ING PLACE.

Detroit, Mich., May 30.—At the final session of the Catholic Knights and Ladies of America yesterday the following officers were elected: Supreme spiritual director, L. M. Roth, Kenner, La.; supreme president, J. H. Krumley, Detroit; supreme vice president, D. E. Kelly, Memphis, Tenn.; supreme secretary, J. J. Duffy, Memphis, Tenn.; supreme treasurer, Mary E. Sheridan, Louisville, Ky.; supreme medical examiner, Dr. D. D. O'Gorman, St. Louis. The only contest of importance was that for the office of medical examiner, and Dr. W. B. Doherty of Louisville made a struggle for re-election, but failed. Louisville was selected for the next biennial meeting.

WAS SUICIDE

SO THE CORONER DECIDED IN
A CASE AT LOUISVILLE
TODAY.

Louisville, Ky., May 30.—Mrs. Fannie Alexander died at her home in the city this morning under suspicious circumstances, and Coroner Kelley held an inquest, the verdict being that she died from carbolic acid poisoning, taken with suicidal intent.

INDIANA LETTER CARRIERS

Evansville, Ind., May 30.—Notable in extent and important in character was the state convention of letter carriers held in Evansville today. Business sessions were held this forenoon and a monster parade also was a feature of the gathering. In line were uniformed carriers from Indianapolis, Terre Haute, Lafayette and other cities of the state. The reports of officers showed the association to have increased numerically during the past twelve months. The convention closes this evening with a moonlight excursion on the river.

MAY RECOVER.

ILL HEALTH THE ONLY CAUSE
OF THE ATTEMPTED
SUICIDE.

Miss Stella McNamara of the south side, who yesterday afternoon attempted suicide by swallowing half an ounce of carbolic acid, is better this morning, although still in a critical condition.

Her month and throat are horribly burned and she can hardly talk. This morning she told Dr. Hensig that she had been ill for the past three months and had grown despondent and this is the only thing to which she can be attributed. The doctor has hopes for her recovery.

TAKEN BY BOYS

STOLEN PISTOL TRACED TO
THEM, BUT NO ARRESTS
MADE.

Mrs. H. B. Atwood of 1024 Ohio street, had a fine pistol stolen from her home yesterday afternoon. She reported the theft to officers and they learned that it was stolen by boys, and sold for a quarter. The weapon will doubtless be returned or paid for, and no arrests made.

—Mr. Thomas L. Baker, foreman of The Sun composing room, had a hand painfully cut this morning while handling the big blade to a paper cutter, and is off duty for a day or two.

DECORATION DAY.

EVIDENCE OF IT HERE ONLY
IN THE UNUSUAL QUIET.

The banks and the postoffice were closed today, as it is a national holiday, and there has been quite a depression in business as a result. There have been no exercises of any kind in Paducah, but quite a number of people went elsewhere to spend the day.

ARE COMING AROUND.

Indianapolis, Ind., May 30.—Secretary Hurty and the members of the Indiana state board of health left this morning for Louisville. They have instructions from Gov. Durbin to assure the Kentucky health authorities that the state will use all of its power to compel the river counties to stamp out smallpox. Secretary Hurty is armed with figures to disprove the claim that an epidemic exists, but failing in this will be prepared to convince the Kentucky board this afternoon that the Indiana law is ample to compel the counties themselves to fight the disease without resorting to the state emergency fund.

JUNIOR CREWS STRUG-

GLE FOR HONORS

Philadelphia, Pa., May 30.—Lovers of aquatic sports began to congregate along the banks of the Schuylkill as early as 10 o'clock this morning in anticipation of the boat race between the junior eights of Cornell, Columbia and the University of Pennsylvania. Interest in the event was heightened by the general belief that the three crews were more evenly matched than ever before, though the opinion of close followers of the sport slightly inclined in favor of a victory for Pennsylvania.

MONTANA SPORTS-

MEN COMPETE

Anaconda, Mont., May 30.—The state shooting tournament which opened here today under the auspices of the local club is a record-breaker as regards the number of prominent participants. The tournament will continue three days and the last day will be distinguished by a live bird shoot.

A SEVERE COLD

FOR THREE MONTHS

The following letter from A. J. Nussbaum of Evansville, Ind., tells its own story. "I suffered for three months with a severe cold. A druggist prepared me some medicine and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar, and eight doses cured me." Refuse substitutes.

WANTED \$25,000.

EXPLANATION OF THE MURDER
OF PAUL LEICESTER FORD
BY HIS BROTHER.

New York, May 30.—In connection with the Ford tragedy which occurred recently in this city, a story hitherto unpublished is in circulation regarding the cause of the shooting, which cost the lives of the author, Paul Leicester Ford, and his brother, Malcolm, the famous athlete. It is to the effect that Malcolm, who was not provided for in his father's will, notified Paul a week before the shooting that he must have \$25,000, which he claimed was his due, because he signed a waiver permitting the probating of the will. He is said to have declared he needed the money badly, and to have become much incensed when Paul replied that he did not have the sum on hand, adding that he should consult other members of the family. Malcolm is said to have replied that one of the heirs had kept the agreement, but he would not consult the others, and departed with the declaration that he would return a week hence for the money, failing to receive which he should resort to desperate measures.

CHILDREN'S DAY.

AT TENTH STREET CHRISTIAN
CHURCH NEXT SUNDAY.

The Tenth street Christian church Sunday school will observe Children's day Sunday morning, June 1st, beginning promptly at 9:30. A nice program has been arranged. All members of the school are to bring their mission boxes, as the collection will be taken then. Friends are cordially invited to enjoy the exercises and any assistance in contributions will be thankfully received.

CABOOSE WRECK.

SMALL ACCIDENT AT STILES
THIS MORNING.

There was a small wreck at Stiles, six miles above here on the Illinois Central, this morning, when extra engine No. 16 ran into the rear of the third section of freight No. 155. No one was injured, and the damage will amount to little. The caboose was wrecked and several cars derailed.

DROGGED TO DEATH

WEAKLEY COUNTY PLANTER
KILLED BY A RUNAWAY
WAY HORSE.

Dresden, May 30.—Yesterday afternoon Geo. Smith, who resides north of Dresden a few miles, was dragged to death by a runaway horse. Mr. Smith had been in the field plowing, and about the middle of the afternoon decided to set out some tobacco plants. He took the horse from the plow, mounted him and rode toward the tobacco patch, stopping on the way to water the horse. After the animal had finished drinking Mr. Smith mounted him again, the horse became frightened and ran through the woods. The rider was thrown off and in some way his foot got fastened in the traces and he was dragged to death.
